

+35 Pan Am Championship Rule Exception for the 2023 Event in USA  
Harmony NC

Tentative Approval at Pan Am TC Meeting on 03/27/2023  
Approved 04/20/2023

### Slalom LCQ Round Two Exception Rule for 2023

Due to time constraints based on potential entry numbers, we proposed a rule exception for this year only, which still provides two rounds of slalom for every slalom skier, while removing the 2 Rounds + Finals Format.

#### g) Slalom (2019)

~~(1) 2 Rounds Semi-Finals and 1 Round Finals~~

~~(2) Slalom Finals Selection – 1<sup>st</sup> half from the best score and the 2<sup>nd</sup> half from the best average score. If odd number – then last in based on best average score.~~

**Number into Finals- Already A Rule- one half of the total skiers entered and paid, rounded up to next skier- max of 8 and min of 4.**

### 2023 Exception using a Last Chance Qualifier method, Slalom

1. Round One Slalom shall consist of all eligible skiers who are seeded according to the current rules. The top finalists minus one, shall proceed to the Slalom Finals. If the event has 4 or few skiers then all skiers qualify for the finals and an LCQ is not held.  
If more than 6 skiers are eligible for the finals then the top finalists of round one, minus two skiers, shall proceed to the Slalom Finals, and the two additional skiers will qualify from the LCQ round.  
For example if finals are comprised of 6 skiers per rule e. then the top 5 skiers are qualified for the finals from round one and one finalist will qualify in the LCQ round.  
If the finals are comprised of 7 skiers per rule e. then the top 5 skiers are qualified for the finals from round one and two additional skiers will qualify from the LCQ round.
2. Round Two Slalom (LCQ) shall consist **only** of those skiers from the round one preliminary event who did **not** qualify for the slalom final round. The best slalom score(s), from this round shall proceed to the finals as the last seeded skier(s) in the finals.
3. Slalom Finals shall be seeded by Round One Slalom Scores followed by the LCQ skier(s) seeded last.
4. Tie breaks per IWWF World Rules.
