2026 PAN AMERICAN WATERSKI TOURNAMENT - PARAGUAY

COMPETITION SITE

The Paraguayan Waterski and Wakeboard Federation is pleased to welcome you to the 2026 Pan American Waterski Championship, which will take place in the Republic of Paraguay.

The competition site is Lake Manene, based in the city of Ypacaraí, located 35 km from the city of Asunción and from Silvio Pettrossi International Airport.

PARAGUAY

Paraguay, known as the Heart of South America, is a fascinating country with a rich history, diverse culture, and beautiful landscapes.

Located in the center of South America, Paraguay borders Argentina to the south and southwest, Brazil to the east and northeast, and Bolivia to the northwest.

Currency

In Paraguay, the official currency is the guaraní (PYG), represented with the symbol Gs. The value of the Paraguayan guaraní against the US dollar currently fluctuates between 6,600 and 6,900 guaraníes.

Currency exchange can be done at exchange houses located in the airport or shopping centers, open from 08:00 to 17:00, and in banks that operate from 08:00 to 13:30. ATMs operate 24 hours a day to facilitate financial transactions.

Climate

During tournament Week in October, temperatures in Asunción and the central region of Paraguay usually range between 28°C and 30°C. Nights can be cooler, with temperatures dropping to around 20°C.

Electrical Devices

The standard voltage in Paraguay is 220 volts, with a frequency of 50 Hz. This means that electrical and electronic devices designed to operate at this voltage and frequency should work correctly in the country.

If your devices operate at a different voltage than the standard in Paraguay (220V), you will need a voltage converter to avoid damage to your electronic equipment. However, mobile phone and computer chargers generally work without problems. For better connectivity, prepaid SIM cards should be obtained.

Lake Ypacaraí is a lake located between the departments of Central and Cordillera in Paraguay. It is world-famous thanks to the guarania “Recuerdos de Ypacaraí” by Zulema de Mirkin and Demetrio Ortiz. This lake is located approximately 37 km from the country’s capital, Asunción.
